

# New Generation

*DENTAL & VISION INSURANCE – HEARING RIDER INCLUDED*

**UCT** United  
Commercial  
Travelers

**A plan with options  
covering dental and  
vision expenses for you  
and your family**

# Dental & vision coverage plus no networks equals flexibility for you!

## Why are dental & vision insurance important to you?

UCT understands that with rising healthcare costs, employees are dealing with reduced health benefits, loss of health benefits completely or they have to cover the entire amount to keep their health benefits. Basic Medicare does not cover dental, vision or hearing expenses.

From big businesses to the self-employed to retired individuals, we are all feeling the effects of these rising costs. UCT knows the importance of dental, vision and hearing care and the impact these have on a person's overall health.

## Determine your own benefits

- **If you choose \$0 Policy Year Deductible, benefits begin immediately** (waiting periods apply to some services)
- **You select the Maximum Annual Benefit amount**  
This is the most you will receive during one Policy Year.
- **Simple Application and Fast Issue**
- **Pays in addition to any other coverage**
- **Benefits are paid directly to you or your provider**
- **No networks! You choose the provider**  
No worries about whether or not your doctor or dentist is in a network. No hassles about where you can buy glasses or hearing aids. You decide who to see. UCT provides the coverage.
- **Hearing Rider included**

## Who is eligible?

Anyone age 0-84.

## Children's Policies Available

Children may be covered under this Plan on an individual basis.

## Household Discount

If two or more people, living in the same household at the same address, are issued a policy, then each will receive a **10% discount**.

## Did you know?...

- **Tooth decay and gum disease are slow, progressive problems; you don't wake up one morning and suddenly need all your teeth pulled. At regular appointments, professionals can detect warning signs, help you prevent the diseases if you're at risk and catch them in their early stages – before they do major damage to your mouth and wallet.**  
– U.S. News Report, May 23, 2013
- **Eye doctors can detect diabetes, high blood pressure and cholesterol. When you catch these conditions early, they are easier to treat.**
- **Only about a third of all people with hearing loss are of retirement age. The majority is of school or working age.**
