DENTAL & VISION INSURANCE – HEARING RIDER OPTIONAL

UCT United
Commercial
Travelers

**A policy with options
covering dental and
vision expenses for
you and your family**

Dental & vision coverage plus no networks equals flexibility for you!

Why are dental & vision insurance important to you?

UCT understands that with rising healthcare costs, employees are dealing with reduced health benefits, loss of health benefits completely or they have to cover the entire amount to keep their health benefits. Basic Medicare does not cover dental and vision expenses.

From big businesses to the self-employed to retired individuals, we are all feeling the effects of these rising costs. UCT knows the importance of dental and vision care and the impact these have on a person's overall health.

Did you know?...

- **Tooth decay and gum disease are slow, progressive problems; you don't wake up one morning and suddenly need all your teeth pulled. At regular appointments, professionals can detect warning signs, help you prevent the diseases if you're at risk and catch them in their early stages – before they do major damage to your mouth and wallet.**
– U.S. News Report, May 23, 2013
- **Eye doctors can detect diabetes, high blood pressure and cholesterol. When you catch these conditions early, they are easier to treat.**
- **Only about a third of all people with hearing loss are of retirement age. The majority is of school or working age.**
